Tangerang Selatan, 15834 | 08567777681

darrenlionardo@gmail.com | <https://www.linkedin.com/in/darren-lionardo-935913229/>

An informatics student from Universitas Multimedia Nusantara with 1+ years of experience in **web** development and half a year of experience in **mobile app** development. My expertise is comparably better in the **front-end** side than in the back-end side, but full stack is still an option. I'm also very fond of the **ReactJS** framework.
